Snapshots

Fusion Guitars includes 61 snapshots divided into five categories: ambient, chill, lofi, miscallenious, and oriental.

Installation instructions

1. Navigate to the default Kontakt snapshots location:

MacOS: Mac HD/Users/<User Name>/Documents/Native Instruments/User Content/Kontakt

Windows: C:/Users/<User Name>/My Documents/Native Instruments/User Content/Kontakt

2. Create a folder called "Fusion Guitars" inside this location.

3. Within the Fusion Guitars library, you will find a folder called "snapshots". Move all folders within this folder to the "Fusion Guitars" folder you created in step 2.

4. Open the Fusion Guitars library in Kontakt and click on the camera icon to select the snapshots.
